

Now Hiring: Construction Estimator

Brilun Construction Limited – Sydney, NS

Full-time | Permanent | Approx. 50 hours/week

Job Overview

Brilun Construction Limited, a trusted name in commercial construction in Nova Scotia, is hiring a **Construction Estimator** to join our growing team in Sydney, NS. This is an excellent opportunity for a motivated and detail-oriented individual to contribute to impactful projects across the region.

What You'll Do

As a Construction Estimator at Brilun, you will:

- Prepare accurate and detailed quantity takeoffs and cost estimates
- Analyze project drawings and specifications for scope and pricing accuracy
- Communicate with suppliers, consultants, and subcontractors to obtain current pricing and data
- Develop complete tender packages within project timelines
- Collaborate with internal teams while managing tasks independently
- Handle multiple estimating deadlines without sacrificing accuracy

Qualifications

We're looking for someone with:

- A diploma or degree in Construction Management Technology (CMT) or Civil Engineering Technology (CETG)
- 3+ years of experience estimating medium to large-scale commercial construction projects
- Proficiency in construction estimating software
- Exceptional time management and organizational skills
- The ability to work independently and thrive under deadline pressure
- Strong written and verbal communication skills

Why Join Brilun?

- Competitive compensation package
- Health and dental benefits
- Employer-contributed pension plan
- Respectful, inclusive workplace culture
- Opportunities for growth and development

At Brilun, your expertise is more than appreciated — it's essential to building the future of our communities.
